

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing Of Claims:

1. (Original) A prioritization method of information providers, e.g. plug-ins, especially for the coordinated powertrain control for a motor vehicle, wherein

- a list having requests or plug-ins is sorted according to the degree of the rising or falling priority,
- the sorted list is processed sequentially, beginning with the requester or plug-in having the highest priority,

the processing of the list is broken off as soon as a requester or a plug-in includes a request command, in order to select this request command.

2-21. (Canceled)
